Intelligent and stylish card lock systems

ALV2 SLIM

MIWA is a true lock maker who manufactures and controls the quality of every aspect of every lock, from start to finish. Made in Japan since 1945, MIWA lock systems are designed specifically for today's busy hospitality industry.

Using the latest RFID technology, the new locking system is attractive yet durable and easy for guests and staff to use. Today's hotel lock is no longer just a means for closing the guest room door but an important part in the overall running of a busy hotel. As the only piece of technology used by a guest multiple times, it is vitally important that it does its job effectively every time, without fail.

MIWA locks systems are approved by most major hotels chains like Marriott, Hilton, IHG, Hyatt & more. MIWA is also the top choice among independent properties. MIWA Canada is your gateway to peace of mind!
